PAY FRAMEWORK NAO ACCOUNTANCY TRAINING PROGRAMME

Thank you for your request of 12 June 2023 for information about the pay framework for the NAO accountancy training programme. We have handled your request under the terms of the Freedom of Information Act 2000 (FOIA).

We have searched our records and can confirm that we hold the information you have requested. Your specific request is set out in **Annex A** together with our response.

Annex B sets out the steps you may wish to take if you are not satisfied with the way we have handled your request for information under FOIA.

I hope you find this response helpful.

Yours sincerely,

Annex A

Request for information about NAO accountancy training programme:

(Your request is in bold with our response below)

1. What is the structured pay framework for the Accountancy graduate training programme? (Please outline the structured pay for all 3 years, and the differences between the two offices). Please also mention how long it lasts, the median and mean salaries, and the discrepancies between male/female salaries and different ethnic groups (for all 3 years).

NAO trainees are paid on an incremental pay scale and move up a grade point on the anniversary of their start date each year. The standard graduate programme lasts for three years.

Once trainees have passed their first six exams, they receive an additional annual allowance (the 'certificate level special increase'). They receive a further allowance when they have completed the next six exams (the 'professional level special increase').

The incremental pay points are fixed, meaning there is no pay differential between trainees of the same length of service and exam completion point. The 2023/24 grade scales and special increase amounts are set out in the tables below.

Audit Associate	Newcastle	London
Scale point 1	26204	32435
Scale point 2	26686	33035
Scale point 3	30205	37165
Scale point 4	32037	38486
Scale point 5	33869	39803

Special Increase Amounts	
Certificate stage	969
Professional stage	1611

Once trainees have completed all 15 ACA exams, they are promoted to Senior Audit Associate. The base salary for Senior Audit Associate for 2023/24 is £43,720 in London and £36,064 in Newcastle.

2. Also, please outline the retention rate (the % of people who successfully complete the programme, and the % of people who stay with the NAO after completing the programme), alongside the base starting salary after completing the ACA qualification (for both offices), and the discrepancies between male/female and different ethnicities.

In 2022/23 the turnover rate for trainees (those who left without completing the programme) was 14.9%. Of all trainees who completed the programme in 2022/23, 11% had left the NAO within 12 months of completion as of June 2023.

The 2023/24 base starting salary for trainees who are promoted to Audit Principal on qualification is £56,297 in London and £46,576 in Newcastle. All new promotees are paid under the same framework so there is no pay differential in starting pay.
