Thanks for your email which has come to me to respond. This is because I manage the UK Overseas Project which provides technical support to the seven audit offices in the UKOTs. As part of this project we provided a financial audit manual for UKOTs in 2021 and a performance audit manual in 2022. Both of these were updates on manuals provided several years earlier, but we have not yet produced a third version of either manual. So it sounds like you already have the latest versions of the manuals and templates. Let me if you have any further queries.
Best wishes

Health VFM | UK Overseas Territories Project

Dear Team,

I hope this email finds you well.

I would like to enquire about the most recent Financial Audit and Value For Money Audit manuals by the National Audit Office. Currently I have the 2021 versions which were provided through the UK Overseas Territories Project.

I would be grateful if the most recent versions could be shared with me where available. Where the relevant templates accompanying these manuals also have recent versions, please share them with me as well.

Thanks in advance for your assistance.

Kind Regards

Office of the Auditor General
