G2: The Sjöormen (A11) and G3: Näcken Class (A14)

The Fourth Generation Swedish Post War Submarines: The Västergötland Class (A17)

The Fourth Generation Swedish Post War Submarines: The Gotland Class (A19S)

Timeframe

The Time frame for Submarine Project A19S Gotland

•Definition Phase

- 1980-1985 Study and concept phase**
- 1985-1989 Preliminary design phase**

•Realisation Phase

- 1986-1996 Detail design phase**
- 1989-1995 Building phase**
- 1995-1999 Trial and test phase**

Project Team FMV

Project manager
Project assistant
Project controller

DPL Hull and hull eq
DPL Machinery and Electrical eq
DPL Weapons
DPL ILS

10-40 specialists at FMV

Project Team Kockums

Project manager
Project assistant
Project controller

DPL Hull and hull eq
DPL Machinery and Electrical eq
DPL Weapons
DPL ILS

25-160 specialists at Kockums

Production crew on the Yard
300-450 workers

Project Tracking

- **Stepwise acquisition**
 - **Need and requirement Phase**
 - **Study- and Concept Phase**
 - **Preliminary Design Phase**
 - **Detail Design Phase**
 - **Building Phase**
 - **Test Phase**

- **WBS for the different Phases**
 - **Time**
 - **Content**

- **Monthly updates; Time, expenditures & results**

Project Result

On Time – On Cost – To Requirement
